Acid Etch 1/4"	\$20–35	\$50–88	Premium privacy
Low Iron (Starphire) 3/8"	\$35–55	\$88–138	Ultra clear, no green

SECTION 5: Quick Calculation Guide for Operators

Use this formula when calculator is not available

STEP	ACTION	EXAMPLE
1	Measure width × height in inches	24" × 36"

2	Convert to sqft: $(W \times H) \div 144$	$(24 \times 36) \div 144 = 6.0 \text{ sqft}$
3	Multiply by \$/sqft from Section 1	$6.0 \times \$91 = \546
4	Add floor surcharge if needed	+\$150 (2nd floor) = \$696
5	Apply ZIP multiplier if needed	$\times 1.25$ (Beverly Hills) = \$870
6	Apply urgency if needed	$\times 1.30$ (same-day) = \$1,131
7	Add LA tax (10.25%)	$\$1,131 \times 1.1025 = \$1,247$
→	Final client price	\$1,200 – \$1,300 range
